

Emergency Treatment, Accident and Trauma Benefits

As an Options patient you can have peace of mind knowing that you are covered up to the amounts listed below for any dental emergency, dental accident or trauma. Patients under 6 years of age are excluded.

Your Options plan includes level 1 cover as standard. If you would like to upgrade to level 2 cover, it will cost an extra £3.75 per month.

The cover listed below applies if you are travelling anywhere in the UK or abroad. This cover is for temporary treatment only to help alleviate pain. Arrange to see a dentist, pay for the treatment, keep a receipt and contact details of the dentist. Once you return home, please contact the practice to see your regular dentist and we will arrange your reimbursement in due course.

If you are at home, the cover listed below applies to out of hours treatment. If you have a dental emergency please ring the Terrace Dental Centre on 01638 669487 and follow the instructions on the recorded message. Further terms and conditions apply – please refer to the leaflet.
